

**NOTICE TO MARINERS**  
**No .36 (T) of 2023**  
**Western Approaches to the Solent**  
**Hurst Spit**

**Notice is hereby given** that following erosion a new bank has formed to the Eastern end of Hurst Spit.

Hurst Point, new shingle bank in position 50° 42.50N 001 32.83W.

Mariners should exercise caution when navigating in the vicinity due to the speed at which this shoal could potentially change with depths in the area being subject to change.

*Pre-Erosion*

Post Erosion

This notice will be self-cancelling on update of the appropriate charts.
